## PHARMACOLOGICAL REVIEWS

Volume 20

1968

- Bergström, Sune, Lars A. Carlson, and James R. Weeks. The prostaglandins: a family of biologically active lipids, 1
- Cafruny, Edward J. The site and mechanism of action of mercurial diuretics, 89
- Carlson, Lars A. See Bergström, Carlson, and Weeks, 1
- Circulation, peripheral; control of resistance, exchange, and capacitance functions, 117
- Diuretics, mercurial; site and mechanism of action, 89
- Drugs and sleep, 273
- Johansson, Börje. See Mellander and Johansson, 117
- Lipids, biologically active, 1
- Mellander, Stefan, and Börje Johansson. Control of resistance, exchange, and capacitance functions in the peripheral circulation, 117
- Mercurial diuretics, site and mechanism of action, 89
- Muscles, vascular smooth; structure, pathology, biochemistry, and biophysics, 197
- Oswald, Ian. Drugs and sleep, 273
- Peripheral circulation; control of resistance, exchange, and capacitance functions, 117
- Pharmacological receptors, 49
- Prostaglandins, biologically active lipids, 1
- Receptors, pharmacological, 49
- Sleep, drugs and, 273
- Somlyo, A. P., and A. V. Somlyo. Vascular smooth muscles. I. Normal structure, pathology, biochemistry, and biophysics, 197
- Somlyo, A. V. See Somlyo and Somlyo, 197
- Vascular smooth muscles; normal structure, pathology, biochemistry, and biophysics, 197
- Waud, D. R. Pharmacological receptors, 49
- Weeks, James R. See Bergström, Carlson, and Weeks, 1

## CONTENTS

### No. 1, March 1968

The prostaglandins: a family of biologically active lipids. SUNE BERGSTRÖM, LARS A. CARLSON AND JAMES R. WEEKS.....	1
---	---

### No. 2, June 1968

Pharmacological receptors. D. R. WAUD.....	49
The site and mechanism of action of mercurial diuretics. EDWARD J. CAFRNY.....	89

### No. 3, September 1968

Control of resistance, exchange, and capacitance functions in the peripheral circulation. STEFAN MELLANDER AND BÖRJE JOHANSSON.....	117
---	-----

### No. 4, December 1968

Vascular smooth muscles. I. Normal structure, pathology, biochemistry, and biophysics. A. P. SOMLYO AND A. V. SOMLYO.....	197
Drugs and sleep. IAN OSWALD.....	273
Index.....	305
